- ◆ Automatic take up shaft for liner paper
- ◆ Print holder in front for long prints
- ◆ Rugged steel and aluminium casing
- ◆ Accommodates boards up to 13mm thick
- ◆ Three widths - 89cm, 140cm and 165cm wide

The Solo range of Laminating Machines are simple and easy to use and are a welcome addition to any busy office or studio workplace.

The Solo provides scratch resistance and UV protection as well as protecting the print from dirt and fingerprints. It enhances the vibrancy of the inks whilst at the same time extending the life of the print

Solo will also apply adhesives to boards - just roll down the print to the board, quickly, easily and smoothly.

It eliminates the hassles of smoothing by hand or the high cost of contracting out your mounting work.

The inclusive stand saves using precious table space whilst the 4 castors provide mobility so that the machine can be used anywhere in the workplace.

The system is so simple it requires no daily or monthly maintenance and is a valued addition to any busy workplace.

Machines are available in 3 widths;  
89cm (38"), 140cm (55") and 165cm (65").
